Married at First Sight Chapter 2736-It was enough to experience that kind of fear once, but Zachary didn't want to experience it a second time.

"What happened to the Farrell family?" Serenity asked and then said, "I've woken up and can't sleep for the time being. Please tell me."

Zachary came closer, kissed her on the face, and then poked her on the lips, smiling lowly: "I'm afraid it will stain your ears, which is really not a good thing, oh, compared to us it's considered a good thing for you, and the bad things that happen to the Farrell family are our good things."

Seeing her interested look, Zachary whispered a few words into her ear, which made Serenity's eyes widen.

She looked at Zachary, not very convinced.

Zachary nodded and said, "That's what Kevin said. Kevin also saw that scene. He said that he was so shocked that his eyeballs fell out. He touched the ground for a long time before picking up his dropped eyeballs."

Serenity chuckled. "The way you describe it... Kevin is not here. If he were here, it would be strange not to settle the score with you.

Matriarch Farrell's husband's surname is Janzen, right? Shiloh is their adopted daughter. Before the truth came out, Mr. Janzen was raising her as his biological daughter. The relationship between father and daughter is deep, and it is impossible for them to do that.

Who is behind all this? Isn't it said that, as Matriarch Farrell, there will always be an assistant by her side? Isn't that assistant particularly powerful?"

Zachary said, "There is no doubt that the two of them were plotted. The person who planned all this behind the scenes is an outsider, except for the Farrell family. He still hates Shiloh and Mr. Janzen and wants to put them in trouble. Even if they die, I hope they shed a layer of their skin.

This person also needs to understand the character of Matriarch Farrell. He knows that Matriarch Farrell cannot accept this result. No matter whether Mr. Janzen and Shiloh are innocent or not, Matriarch Farrell cannot accept it and will take action to deal with these two people."

Serenity thought of Kathryn: "Could it be Kathryn?"

Zachary said, "Do you think it could be her?"

After thinking about it, Serenity shook her head and said, "She probably can't. She has the blood of Matriarch Farrell's cruelty in her body, but she didn't grow up in Farrell's family. Her growing environment was considered harsh. She was trained to be ruthless and not ruthless. She can't stand firmly, but she still has a conscience, so I'm afraid she won't be able to do such obscene things.

However, I think she should be an insider. The Mr. Fraser who came to Wiltspoon is from Kathryn. Josh went to look into Mr. Fraser and discovered that he was the assistant Matriarch Farrell had arranged for her biological daughter, which indicates that Mr. Fraser is also very powerful.

If Kathryn didn't know about what happened in her family in advance, she, the successor of the Farrell family, would be a bit derelict in her duties."

Zachary smiled and praised: "Wife, you're so smart."

Serenity said, "Who could have done this? It was so cruel and vicious. It affected the situation within the Farrell family. He could kill both Mr. Janzen and Shiloh with one move, and it also made Matriarch Farrell very upset.

I have never been to Jensburg. I heard from my sister how arrogant the fake daughter was towards the real daughter Kathryn. In the Farrell family mansion, the fake daughter also joined forces with other members of the Farrell family to target Kathryn. It is easy for arrogant people to offend someone. If they offend someone, they will be resented by the villain.

Didn't we say some time ago that the three young masters of the Farrell family all cheated? I think the mastermind of this matter is most likely one of the three young ladies of the Farrell family, or even the three of them working together."

Zachary kissed her appreciatively again and coaxed in a gentle voice, "Honey, we didn't go there, and we don't care about it. There's no need to analyze it any further. Go to sleep. We all have to go to work tomorrow. You set the alarm clock for 6:30 in the morning. If you don't sleep, the alarm clock won't wake you up."

Serenity said, "Tomorrow morning, we have to send Sonny to kindergarten. Sonny took a day off to let him and Titus play as much as they wanted. The two little guys went crazy."

Married at First Sight Chapter 2737-Zachary smiled. "Children are naturally playful. Sonny usually doesn't have many playmates. He is always alone. Even if we adults accompany him, he will be lonely. Children still like to play with children."

He touched Serenity's belly and said, "Our little guy won't be able to meet each other until next year. When he grows to the age of Sonny, Sonny won't like playing with little kids anymore."

Serenity: "Sonny will love his younger siblings. He is like my sister and will act like a big brother or big sister."

Zachary: "That's right. Go to sleep. If you still don't want to sleep, do something for me."

Serenity: "...I sleep; I fall asleep."

She closed her eyes and said she was asleep.

Zachary laughed lowly. "You're still talking even when you're asleep."

Serenity: "I talk in my sleep."

Zachary smiled and bit her lips, then hugged her and fell asleep again with her.

peaceful night.

early the next morning, at the Farrell family in Jensburg.

Kathryn, who was used to getting up early, put on a pair of sportswear and walked out of the room refreshed.

When she left the room, she deliberately walked slowly so as not to disturb the rest of the people.

The incident happened very late last night. After Holden was sent to the hospital, the mansion slowly calmed down.

Kathryn didn't know what was going on with Holden.

Last night, after Matriarch Farrell let her and her three brothers go downstairs, she soon heard Holden's scream from upstairs. After that, the ambulance arrived and went upstairs to carry Holden away.

The only ones who followed him to the hospital were Matriarch Farrell and Kathryn. The bodyguard group and others were not allowed to go to the hospital.

They were not allowed to inquire about the reason for Holden's screams.

As long as Kathryn knew that Holden was alive, Matriarch Farrell probably wouldn't kill Holden for the sake of her four siblings.

Before reaching the stairs, she heard the doors opening in other rooms and then heard footsteps. Kathryn looked over and saw that it was Erika.

"Kathryn, good morning."

Erika saw Kathryn and said good morning with a smile.

Kathryn's beautiful eyes flickered, her expression unchanged from before, and she responded, "Sister-in-law, you're waking up so early!"

"Well, I woke up and couldn't sleep. If I can't sleep, I might as well get up and take a walk."

Speaking of this, Erika lowered her voice and said, "I want to go out and see Shiloh's miserable condition. She cried and screamed at the door all night last night, and there was no sound until the second half of the night. I don't know if she froze to death."

The temperature in Jensburg was much lower than that in Wiltspoon.

It's a bit chilly in Wiltspoon right now, so they need to wear a light coat sooner or later.

The current temperature in Jensburg at night, especially in the second half of the night, could make people shiver. The temperature was just like the temperature in Wiltspoon in the winter.

Kathryn said, “Mom asked the sisters-in-law to throw all her clothes out, but the cold didn’t kill her.”

However, after being kicked out of the Farrell family’s mansion, she couldn’t take anything with her except her clothes. Shiloh, who had grown up with the Farrell family holding her in the palm of their hands and led a life of a proud girl, had a really miserable night.

Erika thought about it and said, “That’s right. The cold won’t kill her. However, she cried all night, and her voice is probably hoarse from crying. I just want to go out and see her miserable condition.”

At this point, her voice lowered a little. “While mom is not at home, we can vent our anger in front of Shiloh. Oh, from today on, we can no longer call her Shiloh. Mom said she is not our Farrell family.”

Married at First Sight Chapter 2738-Kathryn said, “Sister-in-law, what’s the point of watching it alone? It’s more interesting to invite the second sister-in-law and the third sister-in-law to watch it together. If mom comes back and takes a look, the three of you will not be punished by law, and mom won’t do anything to you.”

“Although my mom kicked her out in anger and said she would never let her surname be Farrell, if Farrell’ doesn’t cooperate in changing her surname, what can my mom do? She will definitely not change her surname. She dislikes her biological parents very much. When her own mother comes to see her, she sends them away like beggars.”

The last time her adoptive mother came to see Shiloh, Kathryn knew how Shiloh treated her biological mother.

Her adoptive mother treated her so badly, and she deserved to be disliked by her biological daughter.

“I’m afraid that after my mom’s anger subsides, if Shiloh starts to cry and the sales are miserable, my mother will become soft-hearted again.”

Erika said in shock, “After all this, can Mom still let her come back?”

Kathryn: “I mean, just in case.”

Thinking of her mother-in-law's dotting on Shiloh, Erika nodded. "It's a possibility. I'll send a message to your second sister-in-law and third sister-in-law and ask them if they want to see Shiloh's miserable condition."

Last night, they didn't dare go out to watch.

After Shiloh was dragged out by the three sisters-in-law and thrown at the door of the mansion, the three young ladies went back to the house and did not dare to stay for a moment longer.

The mother-in-law's anger would burn down the entire Farrell family, so it's better for them to keep a low profile.

Kathryn: "Sister-in-law, I'm going out for a run."

Erika said, "It's such a cold day that you still get up so early to go out for a run. I admire your perseverance and persistence. I can't get up to run. I see that my belly is getting bigger and bigger."

Erika touched the little fat on her belly.

"Sister-in-law, how many women start to gain weight when they reach middle age, growing sideways and out of control? As long as you control your diet a little, you can lose weight."

Erika hummed, "I want to start controlling it. I will stop overeating and go out dancing at night."

After finishing talking with Erika, Kathryn went downstairs first.

Erika sent a message to her two sisters-in-law.

Soon, Anya and Amora came out of the room. It turned out that, like Erika, they did not sleep well last night. It is estimated that not many of them could sleep well last night.

After Kathryn went downstairs, she saw the Butler, who greeted her respectfully.

"Miss, the temperature is low today; do you still want to go out for a run? The same goes for going to the gym to work out."

The gym was indoors, so it's not that cold.

“I’m wearing winter sportswear, so I won’t get cold when I run. In the past, when it snowed, they asked me to go out early in the morning to do things, and I wore thin clothes. I’m used to the cold, but now I don’t get cold while it’s snowing.”

The Butler looked distressed and said, “That’s all in the past. Miss, it’s really abominable how they treated you in the past. Look at how kind Madam Farrell is to Miss Shiloh. Oh, I can’t call Miss Shiloh now. But I’m used to it, and I can’t change it for a while.”

The Butler saw Shiloh being kicked out by Matriarch Farrell and knew that Shiloh had made a big mistake, so his attitude towards Kathryn became a little more respectful.

The biological ones are the biological ones, after all.

Even if Kathryn grew up in the countryside, even if she didn’t have much affection for Matriarch Farrell, she still had a biological blood relationship that Shiloh couldn’t compare to.

The Butler finally recognized the fact.

No matter how much Matriarch Farrell doted on Shiloh in the past, as long as Shiloh was not her biological child, the person who would eventually sit in a high position would be Kathryn.

The Butler would be respectful to Kathryn in the future. After Kathryn took over the Farrell family, it would be the best outcome for him to retire smoothly. As for staying in the Farrell family and continuing to be the Butler, he dares not think about it. If he couldn’t gain the trust of Kathryn, it would be impossible for him to stay in the Farrell family and continue to be the Butler.
