

The Billionaire Ceo's Runaway Wife Chapter 10 - Use Her to Hurt Herself

C10 Use Her to Hurt Herself

His hot breath touched the tip of her nose.

Gu Wuyan's face was pale as she swallowed her saliva.

She really felt cold just now. When she was sleeping, she did that kind of action for no reason, but she quickly realized that something was wrong.

"Why are your eyes so wide open? Didn't you seduce me?"

Seducing!!

F * ck, this word is too much!!

He had been accused unjustly!

... ""

A deadly silence.

Gu Wuyan's brain operated rapidly.

Suddenly, she opened her mouth slightly and laughed foolishly. She stretched out her two hands and grabbed the man's pajamas. Then, her two hands rubbed against his body and laughed blankly.

"Hahaha, so fun."

... ""

The man's gaze was heavy as he grabbed her chin.

"A mental patient?"

"Hehehehe." Gu Wuyan was still smiling foolishly as she held the man's face, "Catch... catch a big bad person!"

When her two small hands touched his ice cold face that had not melted for ten thousand years, it was as if a bomb had been ignited.

A flash of ruthlessness flashed in the man's eyes!

A gloomy and oppressive aura hit his face.

Cold, quiet, and murderous!

In the next second, he pounced forward like a fierce cheetah.

A sharp pain came from her lips. Gu Wuyan frowned and was about to bite back at him when the man suddenly let go of her.

One of his large hands grabbed her chin and beside his ear was his extremely hoarse but sexy voice.

"Don't randomly light the fire, you little mental illness!"

His voice was very pleasant to hear but it was suppressed to a terrifying extent. Gu Wuyan's heart was pounding like thunder but she still had to pretend to be crazy on her face.

Her brows were knitted very tightly and she said with a fierce and angry face, "Bad person, bad person bullied me, I want to beat you to death!"

Her hands were held by him and she was unable to break free. Her body was also pressed down but when the man heard that she was going to beat him to death, he let go of her hands.

Once she got freedom, Gu Wuyan immediately bared her fangs and brandished her claws. Her two hands clenched her fists and desperately hit the man's body. Her nails scratched his neck like a fierce kitten.

"Bad people bully me, I will beat you to death!"

Although she was pretending to be crazy and stupid, she was indeed ruthless and did not show any mercy. It was as if she was taking revenge on this man for forcefully kissing her.

She occasionally clenched her fists, and sometimes she would raise her claws like a kitten and hit him, but no matter how hard she tried, she could not push his body away.

The man was suspended on her body, pressing down on her like a huge mountain. He did not move at all, and his eyes revealed an indecipherable meaning.

Gu Wuyan's face was flushed red. She was tired from the beating and was extremely angry in her heart.

What exactly did this man mean?

Wu...

He suddenly kissed him again.

Gu Wuyan opened her eyes wide and was momentarily stunned. But very quickly, a fierce look appeared in her eyes again. Her nails pierced into his collarbone and she forcefully cut it!

Blood capillaries appeared at a speed visible to the naked eye.

A sharp pain spread on his skin.

Gu Wuyan's nails were even broken. On top of it was the blood on Bao Jingfeng's body. It was bright red and warm!

Gu Wuyan was shocked. She looked at the blood on her hands, worried that she would make a big deal out of it.

If this man got angry and killed her, or exposed her identity, wouldn't she be finished?

But since she had already put on such an act, there was no room for her to take it back. She could only continue to pretend to be mentally ill and hit his shoulder with her fist!

The man finally let go of her lips and used his slender fingers to pinch his face.

"Little thing, do you know what's written on your wanted poster?" He asked.

Gu Wuyan said, "I'll hit you!"

"It's schizophrenia. It's very aggressive when it happens." He added.

"That's it?" He snorted coldly. His slender fingers gently brushed past his collarbone, causing a trace of blood to appear. He rubbed it between his fingers.

The sharp pain on his neck did not seem to make him angry. Instead, an indescribable sense of comfort flowed out of his eyes.

His eyelashes drooped slightly as he stared at her swollen red face. He wiped the blood onto her red lips.

Gu Wuyan was extremely shocked in her heart but her face still showed a crazy expression that had lost its wits. Her two hands were still pulling on his clothes.

What the heck, I can't continue pretending!

Until a slender wrist was grabbed by the man, he suddenly bit on her hand.

Gu Wuyan was shocked and wanted to withdraw, but the man grabbed even tighter.

He did not bite with much force and just lightly bit, and her hand was once again stuck to his collarbone. The place that she scratched was once again pierced by her nails into his wound.

Gu Wuyan stared blankly at the man who actually grabbed her hand like this and cut across his own collarbone, deepening the original wound.

What the heck, is he really a dead pervert? What's wrong with him!

He grabbed her hand, grabbed her own collarbone, and scratched it until it was dripping with blood. He actually seemed to enjoy it quite a bit!

Although there was still no expression on his face, it was very obvious that his breathing became rapid. His eyes drooped slightly, and his eyelashes trembled lightly.

This appearance was really abnormal, but it was also damn sexy!

Hey, hey, hey. Gu Wuyan, what are you thinking about? At this critical juncture, she actually thought of the word sexy now!

This man is a damn pervert!

He is using her hands to cripple himself!

Gu Wuyan's heart was like a mountain crashing into a mountain!

Her hand seemed to have lost all strength and allowed this man to use her hand to do such crazy actions.

"Look," he tightly held her hands that were covered in blood.

"This is called an attack. How can a small fight hurt others?"

... ""

Bao Jingfeng was teaching her how to attack people?

The target or himself?

"I'll let you go now. Don't move, okay? Otherwise, I'll give you a sedative."

There was a hint of warning in his voice, but there was an indescribable gentleness.

... ""

Gu Wuyan's eyes were still blank, but she understood the warning in his words, so she did not dare to move anymore. But on the surface, she pretended to be retarded.

"En." He was somewhat satisfied, "That's right."

He let go of her hand, lifted the blanket, and got off the bed.

The light was turned on.

Gu Wuyan saw him take out a white box from the cabinet and walked towards her.

She scratched her hair and looked puzzled. At this moment, she looked like a fool staring at him blankly.

Bao Jingfeng went to the bedside and sat down. He extended his long arm and pulled open the blanket on her body.

Gu Wuyan seemed to be shocked. She grabbed the lamp at the bedside and raised it high up.

"Put it down."

The man unhurriedly opened the medical kit and did not even look at it. His voice was cold to the bottom of the valley but it was loud and clear.

Gu Wuyan turned the pearl in the blink of an eye like a frightened rabbit. After biting her finger, she obediently put down the lamp.

She curled up into a ball and her body trembled like a frightened fool.
