

Chapter 830 Stubborn

After the party ended, representatives from various media companies gathered around Liam and his family.

The Pearl Company, now in collaboration with the Red Murray Group, had gained significant traction in the media industry, attracting interest from other companies.

Yesenia felt proud and elated witnessing this. She smiled at Liam and Julie and said, "I'll handle things here. You've had a busy day. Take Asher and head home."

With the spotlight on the Pearl Company, Julie felt confident entrusting this to Yesenia. Thus, she left with Liam and Asher.

Once they left, a weird grin formed on Yesenia's face.

Her eyes gleamed as she addressed the young entrepreneurs seeking collaboration. "Julie is single, and you're all talented individuals. When you consider working with the Pearl Company,

single, and you're all talented individuals. When you consider working with the Pearl Company, consider cultivating a closer relationship with Julie in the future."

Her implication was clear. She encouraged them to pursue Julie romantically.

Someone asked, puzzled, "But I saw a man with Miss Fiber."

Yesenia briefly appeared embarrassed before regaining her smile. "Don't misunderstand. He's just our bodyguard."

Everyone was relieved by Yesenia's clarification.

They recognized Julie's beauty and the potential opportunity to build a connection while collaborating with the Pearl Company. Eagerly, they handed their business cards to Yesenia.

Yesenia accepted the business cards from affluent young men but refrained from committing to any specific business partnerships, leaving the situation ambiguous.

Upon arriving home, Julie eagerly rushed into Liam's embrace, unable to contain her excitement.

"Thanks for your help today, Liam. Without it, securing cooperation with the Red Murray Group

wouldn't have been as smooth." After saying that, Julie planted a kiss on Liam's cheek.

As they shared a tender moment, Asher, their son, covered his eyes and said, "Mommy and Daddy, you're doing something embarrassing!"

Liam and Julie chuckled upon hearing this. Exhausted from their day, they took Asher to their room and fell into a peaceful slumber, cherishing their familial bond.

The next morning, Liam woke up and found Julie had already left.

Simultaneously, Asher stirred awake. Locking eyes with Liam, he blinked his large eyes and chuckled for some reason.

Liam felt a surge of joy seeing Asher's smile. He lifted Asher into his arms, gently rubbing his young face with the stubble on his chin.

Asher blinked and said, "I hope I can sleep with you and Mommy every day."

Grinning in response, Liam nodded affirmatively. He carried Asher out of the room and headed towards the dining area for breakfast.

Just as he stepped to the door, Liam caught the voices of Yesenia and Julie conversing and

paused to listen.

Yesenia's mother said slowly, "The situation looks promising. The Pearl Company is on the brink of becoming influential in Salem, potentially elevating our family among the finest in the area."

Julie replied calmly, "Mom, let's not dwell on that for now. Our priority should be to focus on our work. We can't afford to miss out on this rare opportunity."

Yesenia nodded, then changed her tone and said, "Julie, I have something to discuss with you. It might upset you, but it's for your own good."

Confused, Julie asked, "What do you mean?"

With a cold tone, Yesenia advised, "You can't have Liam around all the time. With the Pearl Company's progress, you need to find a wealthy husband. Tristan seems suitable. He's not too old."

She continued, "Furthermore, yesterday's cooperation might not be what he claimed. To become the wealthiest man, Tristan must be shrewd. He couldn't be that displeased by the bribe. I think he's trying to please you. He's most likely interested in you. We should seize this opportunity!"
