**Married At First Sight Chapter 2979-**“Brother, it’s very late. You’ve been tired all day. Go to bed early. I’m going back.” After discussing this with Zachary, Tatum was ready to go home.

Zachary said, “It’s so late; why not stay here for the night? It’s not like you don’t have a place to stay here.”

Tatum declined, “It’s not far for me to go back. Brother has a room here, but I don’t have a change of clothes. I’m still a bit familiar with the bed.”

After changing places, it would take him some time to adapt to the new housing environment.

People who loved beds always toss and turn and couldn’t sleep when they changed places.

Thinking that Tatum’s private villa was not too far away, Tatum said he wanted to take the bed and didn’t have a change of clothes.

Zachary didn’t try to persuade him to stay anymore. He only told him to drive slower on the road and send a message to report that he was safe when he got home.

Tatum said, “Brother, good night.”

Zachary didn’t get up to see him off.

After Tatum left, Zachary drank another half-glass of water and smelled his body again. He could still smell the smell of alcohol.

Afraid of suffocating his wife and afraid that if he went back to the room at this moment, he would wake up Serenity, Zachary decided to make do with it in the study for one night.

He went up to the second floor and returned to the door of his room. He did not open the door and entered. He just stood silently at the door for a moment, then turned and entered the study.

Serenity slept until midnight and had to get up to go to the bathroom.

After drinking a glass of milk before going to bed, she would get up in the middle of the night.

When she came out of the bathroom, she felt much more awake. Only then did she realize that Zachary had not returned yet.

She walked back to the bed and sat down. She picked up her phone from the bedside table and looked at the time. It was already past three in the morning.

Had Zachary not come back yet?

He didn't send her a message to tell her when he would be back.

She called Zachary.

It took a while before Zachary answered the phone.

"Husband, haven't you come back yet?"

Serenity asked with concern, "Is the matter so difficult?"

No matter how busy he used to be, he would always come home early.

It's already past three in the morning, and he hadn't come back, which meant things were difficult to handle.

Also very important.

Otherwise, he wouldn't have come back so late.

After marriage, especially after developing a good relationship, he came home earlier and earlier.

For a period of time, he arrived home on time to accompany her before 10:30 every night.

"Seren, I was sleeping in the study. I drank some wine last night. The alcohol smell was strong. I was afraid that it would intoxicate you. When I came back, it was too late at night, and you had already gone to sleep. I was also afraid that I would wake you up, so I slept in the study room."

Serenity didn't say anything else and hung up the phone.

Zachary immediately stood up and walked outside.

Soon, serenity appeared in the study.

“Wife.” Zachary guessed that she was coming and was about to go out.

Serenity didn’t say anything; she hugged him, smelled him, let him go, looked up, and asked him, “Are you drunk?”

Zachary hugged her back again.

He replied in a low voice, “I’m not drunk. I only had one drink, but the wine is very strong. After one glass of wine, I’m afraid I won’t be able to bear it.”

As he spoke, he kissed her gently on the lips.

His big hand covered her belly again, his eyes filled with tenderness. “When will this little guy come out? I’m going to have a hard time.”

Serenity said, “Didn’t you endure that long before marrying me?”

Zachary chuckled. “I didn’t taste it at that time, so I don’t know how ecstatic it is. After I tasted it, it would be difficult to be a monk.”

Serenity’s face turned red.

In fact, it’s okay to be careful.

He was nervous and worried about hurting the baby. He would rather continue to be a monk than touch her.

At most, he would hug her fiercely and then entangle his lips and tongue with her to death.

Then he said “viciously” that after the baby was born, he would take three days off and get his money back with interest.

### **Married At First Sight Chapter 2980-Serenity: “...”**

“The alcohol doesn’t smell too much. When I’m asleep, I won’t wake up, even if there’s thunder. You don’t have to spend the night in the study.”

Serenity took his hand, covering her belly, and said to him,.

“I took a shower, drank two glasses of warm water, and ate two pieces of chewing gum to get rid of some of the alcohol smell.”

After a pause, Zachary added, “Tatum said I smell like alcohol.”

Serenity whispered something to her brother-in-law.

Tatum: He is telling the truth.

As long as the eldest brother spoke, Tatum could smell the smell of alcohol. The smell of alcohol was very strong. Furthermore, the eldest brother himself said that the smell of alcohol would smell like smoke to his sister-in-law.

“Tatum is waiting for you; are you waiting?” Serenity asked.

Zachary said, “He said he was going to Annenburg in Province X, and the Ormond family was looking for a chef, and he was going to apply. Seren, the one grandma has chosen for Tatum is Elora, the eldest daughter of the Ormond family.”

“I know. As soon as mom told me about this, I guessed that grandma had chosen the person for Tatum.”

Zachary smiled. “My wife is smart.”

Serenity: “I’ve never been stupid.”

Zachary: “That’s right, my wife has always been smart.”

If it’s stupid, he won’t look down on it.

“The people grandma picked for them were all pretty far away.”

In other words, she and Camryn were from Wiltspoon.

Zachary thought for a while and said, “In this way, grandma still loves me and Callum the most. The ones she picked for us are all from Wiltspoon.”

As he spoke, he smacked Serenity’s lips a few more times.

He really wanted to take his beloved wife to bed.

For the sake of the baby, he tried his best to hold back.

“Where are the four and five from?”

“I don’t know. They didn’t tell me. Anyway, they are not from Wiltspoon. I didn’t see that neither of them was in Wiltspoon recently.”

Zachary hugged Serenity and walked out.

He sent Serenity back to the room and said warmly, “Seren, it’s still early before dawn. You can sleep a little longer. They will take care of their affairs. If they don’t ask us for help, we will pretend they don’t know and wait. They brought their wives back and called us brother and sister-in-law.”

Serenity smiled and said, “I don’t worry about them. Grandma has to worry about them, so I don’t worry about that.”

Taking things away from grandma, when grandma is bored, her grandsons will have a hard time.

Grandma May liked to take care of her grandchildren.

Grandma May’s grandson also included Zachary. How could Serenity be willing to let her grandma deal with Zachary?

Didn’t they see why the elders didn’t take away Grandma’s work? They just sat and waited for their daughter-in-law to come in.

Except for a few young ones, their parents had already prepared the betrothal gifts that others would use in the future.

As long as the son said that he could propose marriage to someone else’s cabbage, they could accompany their son and bring generous betrothal gifts to the woman in a mighty manner.

“That’s right, grandma has to worry about it, so let her worry about it.” Zachary hugged Serenity into the bedroom, and the couple sat down on the bed.

“You continue to sleep; I will go back to the study.”

Serenity looked at him.

Zachary whispered something in her ear.

Serenity: "Actually, it's okay if you are careful. We have been waiting for this child for a year, and I don't allow any mistakes."

"I just drank a little and am easily impulsive. But if we sleep in separate rooms, it'll be fine." As Zachary spoke, he kissed Serenity on the cheek.

He nibbled her earlobe again, causing her body to tremble slightly.

Serenity pushed him away.

Zachary said funnyly, "I'm afraid of being impulsive and want to tease you."

Did he think she wouldn't catch fire?

Zachary was stunned for a moment, then smiled lowly, reached out, and touched her face gently. "Honey, just wait a few more months."

Serenity took his hand away, then pulled him up and pushed him to the door of the room. "Go to the study and sleep in your bed."

So that everyone didn't feel uncomfortable.
