Chapter 968 Keep Her Alive

Liam agreed without hesitation.

However, he still found it quite unacceptable that this was the only way to delay Julie's death.

After all, the woman he loved had to be preserved like a corpse to keep her alive. It was torture for him, but there was nothing he could do.

Liam's eyes turned red. He looked at Shayla and said in a low voice, "You'd better not lie to me. Otherwise, you won't imagine the price you'll pay."

After saying this, he turned around and was about to go down the mountain.

At this moment, Shayla wanted to show her sincerity. So, she quickly said, "There's an ice coffin at the foot of the mountain. You can ask my people to find it for you. Then, you can take it away."

Liam was stunned for a moment. Then, he stared at Shayla and said solemnly, "Thank you."

Liam didn't waste any time. He took the ice coffin and quickly returned to Beluga Hospital.

Julie was still in the operating room. It could be seen that half of her hair had already turned grey.

Moreover, her face had also aged.

Liam looked at Julie's face sadly. He felt his heart ache.

He slowly walked to the operating table and sat down. Then, he picked up Julie and put her into the ice coffin. He gently stroked her face and said in a soft voice, "Julie, I swear I will save you."

But Julie could no longer hear him because she had already fallen into a coma. Liam had no choice but to endure the pain and close the ice coffin.

Liam carried the ice coffin on his back and left the hospital, ignoring everyone's strange gaze. He took Julie home.

At this moment, Yesenia had already finished the first stage of her treatment, so she returned home from the hospital.

She stood outside and looked at the luxurious Sky Orchid Garden with excitement.

This was Sky Orchid Garden, a super luxurious mansion worth billions of dollars.

Never in her entire life had she dreamed of living in such a luxurious mansion one day.

Yesenia was very excited that she could finally live a wonderful life.

And this was all because of her good daughter.

While Yesenia was still filled with excitement, she suddenly saw Liam coming over not far away.

She hesitated for a moment. She wanted to flatter him, but she was a little embarrassed. So, she didn't dare to go forward.

But when she found that Liam was carrying an ice coffin on his back, she was so curious that she hurried forward to ask, "Liam, what's on your back?"

When Liam saw Yesenia, the expression on his face froze for a moment. Then, he said with difficulty, "The person inside this ice coffin is Julie."

Liam didn't want to let Yesenia know about Julie's condition. But she was Julie's mother, after all. He thought for a while. Finally, he put down the ice coffin and opened it.

Yesenia looked into the ice coffin, only to see the aged and grey-haired Julie lying quietly inside.

She was so frightened that she sat on the ground and couldn't utter a word for a while.

Liam said in a deep voice, "Someone has plotted against her. At this moment, we can only keep her alive this way."

This information was like a bolt of lightning that struck Yesenia. She roared angrily, "Who did this to

her?"

With tears in her eyes, she said, "Julie is such a good person. How can she become like this? She doesn't deserve this. Who the hell did this to her? They must pay!"

When Liam saw the distressed expression on Yesenia's face, he said, "If you want to help, find an opportunity to bring Asher here. I may need to let you handle some matters in Salem in the future."
