An Understated Dominance by Marina Vittori Chapter 2257

# **Chapter 2257**

At this moment, not only the man in black, but also all the spectators paying attention to Arena No. 1 were startled.

No one expected that the woman in red was actually wearing such a heavy armor.

Dark iron heavy armor, weighing several thousand kilograms, is specially designed to be worn during weight-bearing training.

For an average innate warrior, his body would be overwhelmed after wearing it for about ten minutes.

Even if it's a powerful one, it can only be worn for a few hours at most.

The woman in front of me was quite good, she actually wore the black iron heavy armor as clothes, and even went on stage to compete.

Isn't this just looking for trouble? !

"You...you just wore this to fight me?"

The man in black pointed at the black iron heavy armor on the ground, his expression indescribably weird.

"Yeah, what's wrong?"

The woman in red twisted her neck, twisted her hips, and slowly moved her body that became extraordinarily light.

Sure enough, after taking off the armor, the whole person felt much more relaxed.

"How long have you been wearing this thing?" The man in black couldn't help but speak again.

“Wear it every day.” The woman in red replied seriously: “Master said that unless you are in danger, you have to wear it even when sleeping. It has been for several years, but it was not so heavy at first.”

“Uh...” The corner of the man in black’s mouth twitched, and he was speechless for a moment.

Wearing this thing every day, for several years at a time, is this how people live?

“Originally I didn’t want to take it off, but I found that you were too fast and I couldn’t keep up, so I took it off and gave it a try.”

After the woman in red finished her activities, she raised the two- to three-meter long Guandao again and said with a fighting spirit: “Come on, let’s fight for another three hundred rounds!”

The man in black took a deep breath and suppressed his uneasiness.

Although his opponent was very powerful, he had to shoot the arrow with the arrow on the string. He had already come this far and there was no way he could retreat.

“Come! Fight for another three hundred rounds!”

The man in black raised the black iron rod and assumed an offensive stance.

“Be careful, I’m about to use my sword!”

As soon as the woman in red finished speaking, she stepped suddenly and her whole body was ejected instantly.

The speed is twice as fast as before!

“What?!”

The man in black’s pupils shrank, and without time to think, he subconsciously raised his stick to block.

“Bang!”

There was a loud bang.

The woman in red's Guandao struck hard on the black iron rod of the man in black.

As sparks flew everywhere, powerful power and energy burst out instantly.

The man in black was so shocked that he stepped back, his hands began to tremble slightly, and the black iron rod made a buzzing sound due to the heavy blow.

"What a fast speed! What a powerful force!"

The man in black was shocked and looked surprised.

He had previously felt that the movements of the woman in red were a bit slow and clumsy, so it was easier for him to deal with them.

Now that she has taken off the dark iron heavy armor, the opponent's speed has greatly increased, and her whole person has become more flexible.

Moreover, the opponent was already superior in terms of strength, and now her speed was even better. The threat to him had simply increased exponentially.

"call—!"

When the man in black's arm was still numb, the woman in red's sword struck again.

The man in black didn't dare to resist, so he quickly dodged sideways, and the sword almost grazed his shoulder with his swift sword.

The sharp blade tore a gash in his clothes.
