An Understated Dominance by Marina Vittori Chapter 2259

Chapter 2259

The man in black lost, and he was convinced of his defeat.

The opponent's strength must be ahead of him in all aspects. In the end, he could easily knock him down from the ring, but he still gave him enough dignity.

It would be disrespectful of him not to admit defeat.

"This hero, I accept it!"

The woman in red clasped her fists to show respect.

In the end, Arena No. 1 ended with the woman in red winning.

"Brother Dustin, you still have good taste. I was defeated by you in the first game. I'm envious."

Xu Yang couldn't help but sigh in the audience.

"It's just luck." Dustin smiled lightly.

He bets just for fun and doesn't care about winning or losing.

"Luck is also a kind of strength. I lack some luck. If player No. 28 had been careful enough and not underestimated the opponent, he would have won by now." Xu Yang shook his head with regret on his face.

"Brother, why are you so unlucky? You clearly have a problem with your vision."

Liu Hongxue rolled her eyes and couldn't help complaining: "You said you could win on the 28th, so I bet with you, but you lost on the 28th. It was said that player No. 6 would lose, but in the end player No. 6 won. One time can be said to be bad luck. If you make two mistakes in a row, it can only mean that you are not accurate in judging people."

“This...” Xu Yang’s face froze, a little bit. Embarrassed: “Junior sister, people make mistakes and horses make mistakes. These two events were purely accidents. But don’t worry, I will definitely win next time. Just follow me and bet, I guarantee there will be no problem!” ”

Really?” Liu Hongxue was a little confused. Suspicious.

“Of course! I guarantee it with my personality!” Xu Yang patted his chest, still confident.

“Okay, then I will trust you again.” Liu Hongxue nodded.

Seeing this, Dustin just smiled and said nothing.

Soon, the winner was decided in all eight arenas. No. 6, who was overwhelmed by Dustin and Liu Rushuang, and No. 15, Yan Buqi’s pick, also won smoothly.

Three of the five people won their bets, which was a good start.

“Not bad, not bad. Congratulations to the three of you for winning.”

Huang Yinyin smiled and clapped, and then gestured to a Witch Gu Cult protector behind her.

The protector understood immediately, then moved out a square sandalwood box and gently placed it on the table.

Huang Yinyin opened the sandalwood box, which contained a box full of white crystal stones.

These crystals are only the size of a fingernail, filled with clouds and mist, and emit brilliant light under the sunlight.

“Dear me! Could these be spiritual stones?!”

When Xu Yang saw it, his eyes widened immediately, his face full of surprise and joy.

“That’s right, these are spiritual stones refined by our Witch Gu Sect. The spiritual energy contained in them is very rich and can be directly absorbed for cultivation and can quickly improve your cultivation level.” Huang Yinyin explained.

As soon as these words came out, several people instantly became energetic.

Spiritual stones are very rare in the world. Generally, only disciples of major sects will be rewarded with spiritual stones after they have made meritorious deeds. Ordinary warriors have no access to this kind of treasure.

The most wonderful use of spiritual stones is that the spiritual energy inside is very pure and does not need to be refined and can be absorbed directly.

Normally speaking, when a warrior cultivates internal energy, he slowly absorbs the spiritual energy from the heaven and earth, and then circulates the energy around the sky through the exercises, and then converts it into use bit by bit.

This process is very slow. Firstly, the spiritual energy between heaven and earth is very thin; secondly, the spiritual energy absorbed into the body needs to be refined and polished repeatedly. Only a very small part can really be integrated into the Dantian.

Therefore, for a warrior to improve his realm, it is a process that accumulates over time.

However, with the spirit stone, it is completely different.

The spiritual energy of the spiritual stone is not only rich, but also pure, and can be quickly integrated into the Dantian.
