An Understated Dominance by Marina Vittori Chapter 2260

Chapter 2260

To put it simply, as long as you have enough spirit stones, you can break through the realm overnight!

Of course, this kind of breakthrough is limited to those below the Grand Master level.

Because if you want to break through the master realm, you not only need quantitative accumulation, but also a qualitative leap.

But no matter what, treasures like spirit stones have a fatal attraction for warriors below the master level.

Even a martial arts master will be very jealous. After all, even if he doesn't use it, he can exchange it for other treasures.

It is no exaggeration to say that spirit stones are the best hard currency in the world and can be exchanged for various treasures.

So after Xu Yang and others saw the box full of spirit stones, they couldn't help but be a little excited.

"I don't have any weapons or pills with me yet, but I do have a few boxes of spiritual stones. I will estimate the price of the treasures you bet on, and then exchange them for spiritual stones to compensate you. What do you think?" Huang Yinyin asked .

"Okay, okay! That's great!"

Hearing this, Xu Yang couldn't help but look overjoyed.

Jewels are easy to get, but spiritual stones are hard to find. If

you can win back spiritual stones with jewelry, weapons, etc., it will be a pie-in-the-sky thing.

"I have no objection." Liu Rushuang nodded, feeling a little more hopeful.

With her current cultivation level, she does need a lot of spiritual stones. Besides, she has already won a round, so she will not refuse.

"The Witch Gu Sect is really wealthy! Just use the spirit stones as bargaining chips, awesome!" Yan Buqi gave a thumbs up.

If at first, he just had a playful mentality, now he has developed a strong interest.

Of course, the more treasures like spirit stones, the better.

"Sister Yinyin, isn't it a big loss for you to use spiritual stones as a bargaining chip to exchange for our things?" Liu Hongxue was a little confused.

"It doesn't matter, as long as everyone is happy."

Huang Yinyin smiled slightly: "Besides, only the winner can exchange for the spirit stone. If you lose, you have nothing."

"That's true." Liu Hongxue nodded in agreement.

The martial arts competition changes rapidly, and no one can determine the outcome until the last moment.

Although the spirit stones presented by Huang Yinyin were very tempting, whether they could win them was another matter.

"Mr. Yan, your ruby is of good quality. How about two spiritual stones for you?"

Huang Yinyin looked at the ruby Yan Buqi put on the table and quickly gave the price.

"No problem." Yan Buqi nodded.

One gem in exchange for two spiritual stones, he earned it.

"Miss Liu, this dark iron dagger is a good treasure. How about three spirit stones for you?" Huang Yinyin looked at Liu Rushuang again.

"Of course." Liu Rushuang nodded.

Although black iron is precious, it can be bought with money, but spiritual stones do not require money.

She was satisfied to be able to exchange for three spiritual stones.

“Uncle, your tiger soul elixir is a top-grade elixir. I’ll give you five spiritual stones.” Huang Yinyin finally looked at Dustin.

“I listen to you.” Dustin nodded slightly.

After the discussion, Huang Yinyin began to distribute the spirit stones.

Yan Buqi’s ruby was worth two spirit stones, so he got four spirit stones, Liu Rushuang had six spirit stones, and Dustin had the most, with a total of ten spirit stones.

“Okay, the spiritual stones have been distributed, and now the second gambling game begins.”

Huang Yinyin looked around and said loudly: “Anyone who is interested can come to participate. Anyway, I have plenty of spiritual stones, so just watch Do you have what it takes to win?”

As soon as these words came out, the surrounding area quickly became commotion.
