Chapter 1311

Chapter 1311 "It's chaos!" Noir's eyes flashed with fear as he shook his head. "The whole island has turned into a mess.

"The teams from the Obaro continent and the rest of the world are killing each other without any order without any distinction between factions. Blood, limbs, and corpses are strewn everywhere."

As he spoke, he pointed to a place not far ahead. "Look, there's someone there who looks like they've been chopped up."

Andrius looked over and could not help but shake his head. He recalled the scenes along his way here. It did seem like a scene from hell.

At that point, Noir's expression became slightly more serious. "However, who were fighting were just the small fry. The big fishes haven't shown up yet."

Andrius fell into thought.

Based on the current situation, excluding the vampire from earlier and the master of the Shrouded Gate, almost no one posed a threat to him.

The vampire earlier had extraordinary strength, and his identity was obvious. He was the Pontiff from Sauro Church who had a clear motive to kill him.

However... In such a chaotic situation, Andrius did not dare to rush too deep into the direction of the sanctuary. Even ants could kill an elephant if there were enough of them!

If he started fighting those small fry now, he would inevitably exhaust his inner energy, which would be disadvantageous at the final battle at the sanctuary entrance.

When Katalina saw him fall silent, she asked anxiously, "Wolf King, I've calculated the time. My sister must have already infiltrated the sanctuary. We must join her quickly."

Noir looked at Andrius. However, Andrius shook his head. “The more critical it is, the more we can’t rush.

“At the moment, most teams will gather at the entrance of the sanctuary. We’re not the best among them, so we must proceed stealthily.

“It's best to wait until those teams have fought enough and suffered heavy losses. Then, we can come out at full strength and turn the tables in one fell swoop.” There was something that Andrius did not mention.

In the battle against the Pontiff earlier, he did not just comprehend the ninth form of the Burden of Nine Skies. His body also seemed to have opened the door to a new world and could absorb inner energy at an extreme speed. It was almost

‘ten times faster than before! Andrius had a feeling that before long, he could break through the bottleneck and reach a new height. After all, he had the strength of a Martial Emperor but the meridians of a Martial God!

Once he hit the ground running, he could not only catch up but also had the opportunity to break through to a realm that never existed before!

“Well... Okay, let’s wait.” Katalina was concerned, but she gave up the idea of immediately finding Margerina after hearing Andrius’ analysis.

“Let's go. We'll find a place to hide and avoid unnecessary battles until tomorrow to conserve our strength,” Andrius instructed them and led the way toward a secluded place.

Noir and the others followed. The group arrived at an isolated area.

However, Andrius looked around but did not find any suitable place.

“Hm...”

He was about to instruct Noir and the others to carefully stop. He found a gap nearby. Visit to read the latest chapter of this novel

No, it was not a gap.

“Over here!”

Andrius led Noir and the others and walked over excitedly.

The last one to enter, the Arctic Fox, deliberately erased all footprints and any other traces. The entrance was very narrow, but the interior was spacious.
