An Understated Dominance by Marina Vittori Chapter 2310

“Oh, by the way, what’s happening with the killer I sent you?” Is his ability to transform into a beast a natural gift? “Or is it a result of acquiring medicine?” Dustin asked curiously.

The Lion’s ability to transform into a beast was so terrifying that he directly went from being a martial arts master to breaking through three realms and reaching the level of a great master.

Even though he was well-informed, he had never encountered such a perverted thing.

“It’s still being studied.” I don’t know the specific reason, but don’t worry; I will notify you as soon as there is news.” Grace promised.

She had received a detailed report on the battle that night and immediately convened a team of experts for in-depth research.

If Lion’s ability to transform into a be*st can be cultivated through nurture, Then it would be a huge storm for the entire world!

Just imagine: if every soldier on the battlefield could be transformed into a be*st through medicine, it would be a one-sided massacre.

“This person is of great value. You have to keep an eye on him. If he is rescued, you will lose more than you gain.” Dustin reminded.

“Don’t worry, I found a safe place, and no one will find out.” Grace smiled.

Dustin changed the topic and said, “There’s one more thing I need to talk to you about. This morning, I saw people from the Temple of the Gods. They planned to break into the forbidden area of Sacred Wyrms Summit to hunt for treasures.”

“The Temple of Gods?” Grace raised his eyebrows. “These guys have always been uneasy and well-intentioned. I already expected that they would cause sabotage in the martial arts competition, but I didn’t expect that their target would actually be the exotic treasure in the forbidden area.”

Dustin said, "The news about the appearance of the strange treasure has been spread secretly. It is normal for the temples to take action. Although I am not sure when they took action, I estimate that it has only happened in the past few days. How do you plan to deal with it?"

The pantheon of gods would only take action during the tournament. Because this was the busiest time at Sacred Wyrms Summit, it was also the easiest time to take advantage of loopholes.

Grace said with a serious face, "Let's wait and see what happens. People from the temples are hiding everywhere. If we clean them out one by one, it will be easy to alert the snake. Therefore, we have to wait for the opportunity. I will prepare for this in advance. In the next few days, please keep an eye on the people in the temple for me, and when the time comes, we will catch them all."
