An Understated Dominance by Marina Vittori Chapter 2312

Grace shrugged. "Okay, okay, I won't do any matchmaking for you. As long as you can cure Noemi, the Celestial Alliance will owe you a favor. If Celestial Alliance needs help in the future, they will definitely give their full assistance."

"Let's go and check the patient's physical condition first." Dustin didn't say much.

His promise to treat illnesses and save lives was not out of favor with the Celestial Alliance, but purely to give Grace a face.

Otherwise, it would not be so easy to ask him to take action.

...

half an hour later.

Dustin and the couple drove to a lakeside villa.

This villa, backed by green mountains and facing the lake. The scenery was charming and beautiful. It was a very good place to live.

Ordinary people found it difficult to approach the villa due to its walls and heavy guards.

As soon as Dustin and Grace arrived at the villa's gate, several bodyguards stopped them.

"You need an invitation to enter this private residence."

Several bodyguards looked wary, and as they spoke, their hands were already on their weapons.

As long as Dustin and the other two dared to act rashly, they would do it without hesitation.

"Don't be nervous; we are here to treat Noemi." Grace smiled politely and then took out a golden token.

This was a gift from Noemi. As long as she had this token, she could enter and leave various places in the Celestial Alliance at will.

“It turns out to be the lady’s distinguished guest.” Just now, I have offended you. Please come inside.”

When the bodyguards saw the token, they immediately bowed and saluted, then opened the door and invited the two of them in.

The token in Grace’s hand was the Celestial Alliance’s highest-level guest order. Only those with extremely noble status or who have made great contributions to the Celestial Alliance can hold it.

Faced with such a person, they naturally dared not neglect him.

They entered the gate and walked through the garden.

As soon as Grace and Dustin approached the villa, they saw a middle-aged woman running out in a panic.

“Miss Linsor, are you finally here? My young lady is in a very bad situation right now. Please go and have a look!”

After seeing Grace, the middle-aged woman seemed to have seen a savior. Without any explanation, she grabbed the man and ran inside.
