

## Married At First Sight

**Married At First Sight Chapter 3352**-Serenity lowered the volume on Whatsapp to the lowest level before sending a message to Liberty, telling her that she had found Mr. Jimenez. It should be said that Mr. Jimenez had come to find them.

After sending the message, he also added that the old lady was resting in the car, so they could just send messages and chat, but don't make phone calls, so as not to disturb the old lady.

After Liberty received the message, she immediately replied and asked Serenity, "where has Mr. Jimenez been hiding for so many years? Are you sure it's Grandma's assistant? Could it be fake?"

Serenity: "Mr. Jimenez was saved by the old miracle doctor and others. He had been living with the old miracle doctor and them for so many years, hiding his name and having some health problems. He was also looking for our mother and aunt. It was only recently that he confirmed our aunt's identity, so he came over and recognized her.

Although the aunt can't remember many things, she still has some impressions of Mr. Jimenez. Besides, he was accompanied by the old miracle doctor. If you don't believe in Mr. Jimenez, you still have to believe in the old miracle doctor. I think this person is real and cannot be fake."

Liberty was relieved.

Serenity also told Liberty that when she is free in the evening, Audrey will call her to explain the matter in detail. She should ask Liberty to reveal some information to Kathryn and test whether Kathryn is really on the side of justice.

Liberty could only wait until she was free in the evening before contacting her aunt, Audrey.

She was also really busy. She didn't even have time to call Sonny. Every time Sonny video chatted with her, she didn't talk for more than a few minutes before she would end the video. Sonny was obviously unhappy, but fortunately he was sensible and wouldn't cry.

Liberty felt a little sorry for Sonny, leaving such a young child at home for Serenity to take care of. She went to Jensburg alone.

This wait would take a long time. Fortunately, the New Year was almost there.

She looked at the anxious order delivery date and the production progress. She could deliver the goods on the 23rd and 24th of the twelfth lunar month. After delivering the goods, wages and bonuses were settled and paid to the workers, and they took annual leave.

Let's start work again on the tenth day of the new year.

In this way, she would have more than ten days to spend with Sonny.

However, her All You Can Eat restaurant in Wiltspoon did not have annual leave. It would be even busier during the New Year, and only the All You Can Eat breakfast shop could take a few days off.

The business of the hotel was also very good. Without her in charge, there had been no mistakes. She had also read the monthly accounts.

She planned to open a restaurant here in Jensburg after the year. Her restaurant would serve mainly working people. The consumption was not expensive, and if the food were delicious, they would not worry about business.

She even started looking at stores.

After returning to Wiltspoon, she would discuss it with Serenity and see what she said.

Liberty thought it was okay. She would probably be stationed in Jensburg permanently from now on.

It would be good to be able to get along well in Jensburg.

If she really takes over the Farrell family in the future, Jensburg will become her home, and she will transfer Sonny's study to Jensburg.

However, things were undecided, so she didn't think about such long-term matters.

The position of head of the Farrell family was passed down from daughter to daughter. If she took the position of head of the family, she would have to give birth to a daughter in order to pass on the inheritance.
