

Married At First Sight

Married At First Sight Chapter 3406-Remy sat in the driver's seat and waited until Elisa fastened her seat belt before he started the car.

The two men met Serenity outside. They stopped their cars and greeted each other.

Remy, let Serenity go first. Afterwards, he asked Elisa while driving, "Several seniors have gone to the York family mansion, but Serenity, the eldest young lady of the York family, came here early in the morning. Mom said she was going to see Mrs. Lewis. "Are Sister Liberty and Mr. Lewis getting married soon?"

Elisa replied, "It's not that good things are about to happen; it's related to the succession of the Farrell family. Grandpa Jimenez is still alive. He and several old seniors are the best witnesses, proving from the side that my grandmother was killed by the head of the Farrell family.

Knowing the truth, the Farrell family will definitely oppose Clarissa being their head again. Clarissa has been the head of the family for decades, and she is not very good to the family members. She is too domineering and strong. Many family members are not taken care of, and they have long been dissatisfied with her.

Sister Liberty went to Jensburg, and some clansmen who were within the fifth mourning period had already quietly taken refuge with her. They privately passed on many things about the Farrell family to her, allowing her to gradually understand the Farrell family. When Kathryn first came to see my mother, she also said that if my grandmother was really killed by Clarissa, she would not compete with us for the position of head of the family and would return the position of head of the family to our branch.

Clarissa's family has many conflicts. Her family is in a mess now. Her husband is having an affair with her adopted daughter, and she forced him to castrate himself. Her adopted daughter is also dead. Her three sons don't have much real ability, and they are lustful. Their marriages and families are not stable either.

Once the truth is revealed, Clarissa will easily be in a situation where she is surrounded by enemies. By then, it is very likely that Sister Liberty will take the position of head of the family. But the Farrell family's rules are that the head of the family cannot marry and can only marry a man. In the future, the children born will take the husband's surname, and daughters must take the mother's surname, becoming the next generation of the Farrell family's successors."

When Elisa said this, Remy understood why his mother-in-law and Serenity wanted to meet Mrs. Lewis.

Duncan was not a useless second-generation rich man. He was the fourth-youngest master of the Lewis family and the boss of Lewis & Co. He himself was worth tens of billions.

Would such an outstanding man be willing to come to the Farrell family?

Even if he is willing, will Mrs. Lewis agree to let her youngest son become a son-in-law of the Farrell family?

Her granddaughter cannot have the surname Lewis yet.

Mrs. Lewis accepted Liberty mainly because she felt sorry for her son, who was willing to sacrifice his life for Liberty. Now Liberty is working hard again, and since she is a descendant of the Farrell family in Jensburg, her status makes her worthy of Duncan.

Mrs. Lewis treated Liberty sincerely and regarded her as her daughter-in-law.

Remy was silent for a moment, then said, "I don't think the Lewis family will object. It's not easy for Mr. Lewis and Sister Liberty to get to where they are today."

Elisa said, "I hope so. Sister Liberty has had a hard time. My aunt passed away a long time ago. Sister Liberty was both a sister and a mother. She raised Seren. She finally married her boyfriend, but the marriage broke down. She divorced and had to raise a child. Even with our help, it was still very hard for her."

"She actually never thought about Duncan. It was Duncan who kept pestering her. She was really disappointed with marriage and didn't want to get married again. She just wanted to raise Sonny by herself. Duncan gave so much, and he touched her little by little and melted her heart. For someone who has been hurt in love, it is very difficult for her to believe in love and marriage again. In this regard, Duncan has done a good job. If he hadn't done well enough, my sister Liberty would not open her heart and accept his feelings.

Seren is still much happier and luckier than Sister Liberty. Now that Seren is so happy, we hope that Sister Liberty can also regain happiness. I hope everyone in the Lewis family can accept Sister Liberty's change of identity."

Duncan was not young anymore.

If he and Liberty separate, he will probably never marry again in his life.
